

Mid America Mortgage Closing Disclosure

As part of our on-going effort to simplify and streamline the Closing Disclosure process, Mid America Mortgage (MAM) has created the attached Closing Disclosure (“CD”) Request form to be used in connection with the scheduling of closings.

Note: While MAM does not require a loan to be cleared for closing before requesting the CD, it is imperative that each of the items named on the CD Checklist have been provided, as these are the items which “lock down” rate, term, and value. Incomplete CD Requests will not trigger the release of a compliant or timely CD, so please take a minute to ensure that the requisite data fields in the attached CD Request form have been completed.

As always, we appreciate your business!

CD REQUEST

*These documents should have already been provided. No need to resend with this request.
