<b>Underwriting</b>	<p><b><u>All USDA files will need 2 months bank statements regardless if funds are needed or not needed for closing.</u></b></p> <p><b>Validate Credit Score</b> - GUS Refer, Refer with Caution, and Manually Underwritten files: One applicant whose income and/or assets is used to originate the loan must have a validated credit score. This applicant must have two tradelines on the credit report that have been/were/are open for 12 months based on the date the account was opened as stated on the credit report. A validated score does not indicate the applicant has an acceptable credit history. A validated score confirms that one applicant has an eligible minimum credit history.</p> <p>The following tradelines are eligible to validate the credit score and may be open, closed, and/or paid in full: loans (secured/unsecured), revolving accounts, installment loans, credit cards, collections, charge-off accounts, etc. Lenders may use an authorized user account to validate the credit score when one of the following is met:</p> <ul style="list-style-type: none"> <li>•The tradeline is owned by another applicant on the mortgage loan application;</li> <li>•The owner of the tradeline is the spouse of the applicant; or</li> <li>•The applicant can provide evidence that they have made payments on the account for the previous 12 months prior to loan application</li> </ul> <p>Public records (bankruptcy, foreclosure, tax liens, judgments, etc.), disputed, and self-reported accounts are ineligible tradelines for credit validation.</p> <p>USDA foreclosure requires documented extenuating circumstance w National USDA approval.</p> <p><b>With GUS accept, manual downgrade for minimum tradeline is not required</b></p> <p><b>CREDIT SCORES AND VALIDATION (continued) Common Scenarios:</b></p> <p>A. Only one eligible tradeline on the credit report? Non-traditional tradelines may be verified to meet the cumulative tradeline number requirement.</p> <p>B. No eligible tradelines on the credit report? One applicant whose income or assets are used to underwrite the loan must have an eligible non-traditional credit history. Refer to the Nontraditional credit section of this matrix for guidance. GUS Refer, Refer with Caution, and manually underwritten files are not eligible for debt ratio exceptions if:</p> <ol style="list-style-type: none"> <li>1. There is not one applicant with a validated score using traditional tradelines on the credit report, or</li> <li>2. The file requires non-traditional credit tradelines.</li> </ol>

<p><b>Underwriting Cont.</b></p>	<p><b>CREDIT EXCEPTIONS</b> Credit repayment issues do not always reflect an inability or unwillingness to meet financial obligations. When evidence of significant derogatory credit is present, lenders may consider extenuating circumstances and determine if the applicant is creditworthy. The lender’s underwriter must use prudent underwriting judgment to evaluate loan requests that include significant derogatory credit. Refer to guidance in this Chapter to determine if a credit exception is required.</p> <p>GUS Accept files - No credit exception required: GUS has determined the credit is an acceptable risk. Confirm the Declarations on the loan application are accurate. No credit exception is required.</p> <p>GUS Refer, Refer with Caution, manually underwritten files: The credit exception must include the lender’s documented rationale on the underwriting transmittal summary or similar underwriting form. The rationale must meet the following:</p> <ul style="list-style-type: none"><li>•The circumstances that led to the derogatory credit were temporary in nature, beyond the applicant’s control, and due to the current employment/financial/health of the household are unlikely to recur. Examples include but are not limited to: temporary loss of job/unemployment, delay or reduction in benefits, illness, divorce, dispute over payment for defective goods or services, etc.;</li><li>• The approved lender must explain their rationale for issuing the credit exception (identified compensating factors, etc.) and why the applicant(s) remains an acceptable credit risk; and</li><li>•The applicant must provide documentation to the approved lender for their permanent loan file that supports the extenuating circumstances. The documentation is not required to be submitted to USDA.</li></ul> <p>USDA does not approve the lender’s credit exception. Lenders are responsible for their credit decision. Previous USDA losses, delinquent non-tax Federal debts, delinquent child support, and ineligible CAIVRS results are not eligible for lender approved credit exceptions.</p> <p><b>NON-TRADITIONAL CREDIT</b></p> <p>Applicants that do not have the required traditional credit history, a validated credit score, may document their willingness to pay debt obligations through alternate sources. The use of a non-traditional credit history is not a reason to deny a loan.</p> <p><b>Applicants with a 12-month Verification of Rent (VOR):</b> Two tradelines are required: The VOR plus one additional tradeline. This tradeline must be an eligible traditional tradeline from the credit report with a 12-month history or an eligible non-traditional tradeline.</p> <p><b>Applicants with no rent history:</b> Three tradelines are required. Tradelines may be a combination of traditional tradelines from the credit report with 12-month history or eligible non-traditional tradelines.</p> <p><b>Non-traditional credit may be documented as</b></p> <ol style="list-style-type: none"><li>1. A Non-Traditional Mortgage Credit Report (NTMCR),</li><li>2. Self-Reported tradelines on a traditional credit report, or</li></ol>
